

File Stored

The screenshot shows the Microsoft Azure portal home page. At the top, there's a navigation bar with the Microsoft Azure logo, an 'Upgrade' button, and a search bar. Below the navigation bar, a greeting message says 'Hi K.L.V, see what more you can get from your Azure free account.' followed by a link to 'View remaining credit'. The main content area features four large cards: 'Take a free online course on Microsoft Learn', 'Watch a demo and attend a live Q&A', 'Start a project with Quickstart Center', and 'Explore support resources'. Below these cards, there's a section titled 'Azure services' with icons for various services like 'Create a resource', 'Storage accounts', 'App Services', 'Resource groups', 'SQL databases', 'All resources', 'Virtual machines', 'Virtual networks', 'Quickstart Center', and 'More services'. At the bottom, there's a 'Resources' section with a table showing recent resources.

Name	Type	Last Viewed
ajavacompile1247	Storage account	a few seconds ago
jayarams	Storage account	a few seconds ago

The screenshot shows the Microsoft Azure Marketplace. The top navigation bar is the same as the previous screenshot. Below it, the 'Marketplace' section is active. On the left, there's a sidebar with navigation links: 'Get Started', 'Service Providers', 'Management', 'Private Marketplace', 'Private Offer Management', 'My Marketplace', 'Favorites', 'Recently created', 'Private plans', 'Categories', 'Storage (79)', 'Compute (45)', 'IT & Management Tools (42)', 'Security (32)', 'Analytics (23)', and 'Databases (19)'. The main content area has a search bar with 'storage account' entered. Below the search bar, there are filters for 'Pricing', 'Operating System', 'Publisher Type', and 'Product Type'. A checkbox for 'Azure services only' is also present. The results show a grid of 10 marketplace offerings, each with a logo, title, publisher, description, and a 'Create' button. The offerings include 'Storage account' (Microsoft), 'Storage Account Using ARM Template' (FortuneCloud LLC), 'Azure Storage Mover' (Microsoft), 'Storage Account Using ARM' (DIGISTORM LTD.), 'APEX Protection Storage for Microsoft Azure (DDVE)' (Dell Technologies), 'Storage Account Using ARM' (VIRTUCLLOUD LTD.), 'Azure Storage solution for Sentinel' (Microsoft Sentinel, Microsoft Co...), 'S3 API for Azure Blob Storage (Flexify.IO)' (Flexify Inc.), 'FileMAGE SFTP / FTP & Web Portal to Azure Blob Storage' (Filemage LLC), and 'FileMAGE SFTP / FTP & Web Portal to Azure Blob Storage' (Filemage LLC).

Note: There may be *known issues* pertaining to this Solution, please refer to them before installing.

The **Azure Storage account** Solution for Microsoft Sentinel enables you to stream Azure Storage accounts diagnostics logs into your Microsoft Sentinel workspace, allowing you to continuously monitor activity in all your instances, and detect malicious activity in your organization.

Underlying Microsoft Technologies used:

This solution takes a dependency on the following technologies, and some of these dependencies either may be in *Preview* state or might result in additional ingestion or operational costs:

a. [Azure Monitor Resource Diagnostics](#)

Data Connectors: 1
