Create Azure Storage solution for Sentinel ...

Basics   Data Connectors   Review + create

Note: There may be known issues pertaining to this Solution, please refer to them before installing.

The Azure Storage account Solution for Microsoft Sentinel enables you to stream Azure Storage accounts diagnostics logs into your Microsoft Sentinel workspace, allowing you to continuously monitor activity in all your instances, and detect malicious activity in your organization.

Underlying Microsoft Technologies used:

This solution takes a dependency on the following technologies, and some of these dependencies either may be in Preview state or might result in additional ingestion or operational costs:

a. Azure Monitor Resource Diagnostics

Data Connectors: 1
